The Stomach of the Child
Is the Organ All Parents Should Protect and Keep Normal.

The stomach of a child is the organ above all others upon which the future of a child depends. Bodily development is fast in children, and the nourishment necessary to meet such development is the one essential demanded from a parent. Most mothers and fathers, jealously guard a child from the formation of bad habits, yet in this age our children early become the victims of wrong food, over eating and irregular meals.

It is most appalling to know the effect of stomach troubles among our children.

Most children who are nervous, irritable and cross, who dream, sleep restlessly, who tire easily and have no desire for child exercise, generally have stomach trouble, indigestion and dyspepsia.

Stuart's Dyspepsia Tablets are intended to thoroughly digest food and to place the system in shape to obtain all the nourishment it needs from such food.

These tablets mix with the juices of the system, enriching them and giving to the body the ingredients necessary to build up the rapidly forming brain and body of the young.

Stuart's Dyspepsia Tablets should be given to children after each meal and at bed time. They are made from pure vegetable and fruit essences and contain no harmful chemicals whatever. The use of these tablets will give greater vim to a child in its school work or at its play. They will produce appetite and soothe nerves, destroy abnormal cravings and will ally the bad effects of sweets and such improper foods as most children enjoy and will eat no matter what is done to prevent it.

It is due the child that his stomach be protected by the parent, and if Stuart's Dyspepsia Tablets are given after meals, the habits of the child will not tear down the stomach and destroy the digestive juices nearly so rapidly. Stuart's Dyspepsia Tablets are given to each and every degree of life. Any condition of the stomach welcomes them, from the strongest to the weakest. For sale by all druggists, price 50 cents. Send us your name and address today and we will mail you at once a trial package free. Address: F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

POINTS OF INTEREST.

It Would Seem
almost impossible to think of having a house fitted out in one day. The old way it took from one to two weeks to furnish a home.

The Wentworth Furniture Co., 115 John St., have made it possible to fit out a house complete in one day, where necessary required it, and in two days at any time. Practice makes perfect. They have had over a quarter of a century of practice.

It is Our Privilege.

To be in the position to supply you with dependable goods at low prices. Our unceasing efforts are concentrated in buying our goods at figures that will enable you to save on your purchase and to make our store your store to trade in, and to save in. Each day brings to us new seasonable shoes, bought at advantageous figures, and when we mark these at lower than usual prices, things and Co.'s shoes mark the highest point ever reached in the manufacture of footwear. The materials and construction are always honest, dependable, stylish, durable and are suitable for every in all stations of life and in all occupations. When you think of buying shoes go to Thing's Shoe store, 1153 Main Street.

WOMEN DISCUSS LOCAL CONDITIONS CALLING FOR REMEDY

(Communicated.)

A meeting of the Civic Club was held February 19 at the home of the president, Dr. H. A. Thompson. Reports were read and matters of importance discussed. The first subject for discussion was dogs and the nuisances committed where fruit and vegetables are exposed in front of stores rendering that dreadful trolley step was thoroughly gone over.

The season for the open cars is approaching and short women, aged women, young girls of tender years, mothers with babies in arms all suffer from that strain of climbing, and it is a matter of grave importance that something be done for the relief of womankind; and we are hoping a relief may be meter out to the many.

SILVER JUBILEE OF GERMAN CHURCH

Present Edifice of the German Reformed Church Was Dedicated 25 Years Ago by Rev. Caspar Brunner.

The silver jubilee of the German Reformed church will be celebrated on Tuesday evening, March 2, and on Sunday, March 7. Rev. H. A. Davenport, who was present at the dedication of the edifice on Congress street 25 years ago, will assist Rev. Herman G. Welmer, the present pastor. Dr. Davenport was a warm personal friend of the late Rev. Caspar Brunner who was pastor at the time of the dedication. An interesting program has been prepared. Rev. H. Qual of New Brunswick, N. J., will preach at the Sunday evening exercises.

THE MERRY WIDOW PARTY

at Quilty's to-night will be the jolliest affair in the city and will be attended by a big crowd. Every lady who attends will be presented with a merry widow hat as a souvenir of the occasion. As it is Washington's birthday and the last holiday before the Lenten season you should not miss this opportunity for a good time. Monahan's orchestra, dancing till midnight, the new dances, and a good time for everybody who attends. You are cordially invited. Admission 25 cents.

NEWEST NOTES OF SCIENCE

According to a German scientist, the brown spots that appear in old books are due to bacteria, which thrive in the starch in the paper.
The Government survey of the Great Lakes, although far from completed, already has cost over \$4,200,000 since it was started in 1841.
Pencil eggs which are said to possess a fine flavor, are being shipped in cold storage from Cape Colony to the markets of London.
More persons are killed by sunstroke than by freezing to death, humanity being able to withstand extreme cold better than extreme heat.
Cholera has killed more than 11,000,000 persons in British India since 1877, the worst year being 1900, when there were 737,222 victims.

Brass may be given a color resembling old pewter by boiling it in a solution of cream of tartar containing a small amount of chloride of tin.
The ohm, the unit of electrical resistance, is equal to the resistance of a column of mercury one millimeter square by 106 millimeters high.
English mining experts are considering the extension of Britain's coal fields under the younger strata of red sandstone beneath which they dip.
The desert mouse of Africa leaps through the air at the rate of 800 feet a second, but cannot maintain this speed for more than a few yards at a time.

A modern paper making machine will produce ordinary news paper, from 35 to 45 inches wide, at the rate of 150 to 400 feet per minute, according to quality.
Cocoonat groves in Cuba have been attacked by a new disease which seems to be a bacterial malady that attacks only the crowns of the trees, causing them to rot.
The discovery of coal beneath the chalk cliffs of Dover has given rise to the hope that it may be found in workable quantities elsewhere in the south of England.

A compass testing tower used by the German navy, though on dry land, is subjected to the pitching, rotating, shaking and about every other motion to which a warship is liable.
A New York man has secured a patent on a bowl-shaped hood to be attached to a chair used by a person while telephoning, to save the expense and room of a sound-proof booth.

The Austrian Government is arranging to electrify about 2,000 miles of its railroads over mountainous country, where the cost of operating steam locomotives is excessive.
The proportion of insane persons rose in England from 18.67 per 10,000 in 1859 to 35.48 in 1908; in Scotland from 19.13 to 36.8, and in Ireland from 25 in 1879 to 35.7 in 1908.

The sides of a new French automobile ambulance are curtained instead of being made solid, so that more than the usual amount of light and air can be admitted when necessary.
Dr. Charcot, the French explorer, has found 24 different kinds of microbes, is already known in Europe, in animals killed amid the intense cold of Antarctic regions.
To prevent a terrible explosion, an Italian scientist has suggested that Vesuvius be tapped, the molten lava being moulded into paving blocks or building stone to meet the expense.
